To whom it may concern:

I am pleased to write this letter of reference for Reeves Contracting Company. We have been involved with Reeves Contracting on three very complex and high profile park projects in the city of Atlanta, and I have had extensive interaction with much of the management staff of the company. In the past 15 years, I have been responsible for the design and construction of over 60 urban parks and public spaces, so I have had the opportunity to work with a large number of contractors. We are fully familiar with the complexities of park and trail construction and are unrelenting in our high expectations of contractors.

Reeves Contracting delivers an outstanding product: well built, with quality materials and excellent craftsmanship. They pick competent subcontractors and manage them well. Their staff in the field are extremely competent and reliable. They work hard to meet deadlines and respond to client demands. On many occasions, we have had to ask them to do things above and beyond what is expected of them in the contract, and they have always responded willingly and always in a collegial and professional manner. Their business dealings with the BeltLine have always been fair and reasonable. I am pleased to recommend them highly. Please feel free to contact me if I can provide any further information.

Sincerely,

A handwritten signature in black ink that reads "Fred Yalouris".
